Our commitment to child safety
Shepparton High School is committed to the safety and wellbeing of children and young people. Our school community recognises the importance of, and a responsibility for, ensuring our school is a safe, supportive and enriching environment, which respects and fosters the dignity and self-esteem of children and young people, and enables them to thrive in their learning and development.

This policy helps guide the actions of all staff, students, parents and other visitors to the school to ensure that Shepparton High School provides a child-safe environment with a zero-tolerance to child abuse.

We support and respect all children, as well as our staff and volunteers. We are committed to the cultural safety of Aboriginal children, the cultural safety of children from culturally and/or linguistically diverse backgrounds, and to providing a safe environment for children with a disability.

This policy will be shared with:
- All staff at the beginning of the school year
- College Council members at the first meeting after the AGM
- Student Leaders in their first Student Voice meeting of the year on an annual basis
- New staff and all visitors in an induction pack as required throughout the year.

Our children
This policy is intended to empower children who are vital and active participants in our organisation. We involve them when making decisions, especially about matters that directly affect them. We listen to their views and respect what they have to say.

We promote diversity and tolerance in our organisation, and people from all walks of life and cultural backgrounds are welcome. In particular, we:
- promote the cultural safety, participation and empowerment of Aboriginal children
- promote the cultural safety, participation and empowerment of children from culturally and/or linguistically diverse backgrounds
- ensure that children with a disability are safe and can participate equally

Our staff and volunteers
This policy guides our staff and volunteers on how to behave with children in our organisation.

All of our staff and volunteers abide by our Child Safe policy and Code of Conduct, which specifies the standards of conduct required when working with children.

Training and supervision
Training and education is important to ensure that everyone in our organisation understand that child safety is everyone’s responsibility. Our organisational culture aims for all staff and volunteers to feel confident and comfortable in discussing any allegations of child abuse or child safety concerns.
We train our staff and volunteers to identify, assess, and minimise risks of child abuse and to detect
potential signs of child abuse. We also support our staff and volunteers through ongoing supervision to: develop their skills to protect children from abuse; and promote the cultural safety of Aboriginal children, the cultural safety of children from linguistically and/or diverse backgrounds, and the safety of children with a disability.

New employees and volunteers will be supervised regularly to ensure they understand our organisation’s commitment to child safety and that everyone has a role to play in protecting children from abuse, as well as checking that their behaviour towards children is safe and appropriate.

Any inappropriate behaviour will be reported through appropriate channels, including the Department of Health and Human Services, and Victoria Police, depending on the severity and urgency of the matter.

Recruitment
We take all reasonable steps to employ skilled people who work with children. We develop selection criteria and advertisements, which clearly demonstrate our commitment to child safety and an awareness of our social and legislative responsibilities. Shepparton High School understands that when recruiting staff and volunteers we have ethical as well as legislative obligations.

We encourage applications from Aboriginal peoples, people from culturally and/or linguistically diverse backgrounds and people with a disability.

All people engaged in child-related work, including volunteers, are required to hold a Working with Children Check and provide evidence of this Check.

Fair procedures for personnel
The safety and wellbeing of children is our primary concern. We are also fair and just to personnel. The decisions we make when recruiting, assessing incidents, and undertaking disciplinary action will always be thorough, transparent, and based on evidence.

We record all allegations of abuse and safety concerns, including investigation updates. All records are securely stored.

If an allegation of abuse or a safety concern is raised, we provide updated information to children and families on progress and any actions we as an organisation take.

Privacy
All personal information considered or recorded will respect the privacy of the individuals involved, whether they be staff, volunteers, parents or children, unless there is a risk to someone’s safety. We have safeguards and practices in place to ensure all personal information is protected. Everyone is entitled to know how this information is recorded, what will be done with it, and who will have access to it.
Legislative responsibilities
Our organisation takes our legal responsibilities seriously, including:

- **Failure to disclose**: Reporting child sexual abuse is a community-wide responsibility. All adults in Victoria who have a reasonable belief that an adult has committed a sexual offence against a child under 16 have an obligation to report that information to police.
- **Failure to protect**: People of authority in our organisation will commit an offence if they know of a substantial risk of child sexual abuse and have the power or responsibility to reduce or remove the risk, but negligently fail to do so
- Any personnel who are mandatory reporters must comply with their duties.

Risk management
In Victoria, organisations are required to protect children when a risk is identified (see information about failure to protect above). In addition to general occupational health and safety risks, we proactively manage risks of abuse to our children.

We have risk management strategies in place to identify, assess, and take steps to minimise child abuse risks, which include risks posed by physical environments, and online environments.

Allegations, concerns and complaints
Shepparton High School takes all allegations seriously and has practices in place to investigate thoroughly and quickly. Our staff are trained to deal appropriately with allegations.

We work to ensure all children, families, staff and volunteers know what to do and who to tell if they observe abuse or are a victim, and if they notice inappropriate behaviour.

We all have a responsibility to report an allegation of abuse if we have a reasonable belief that an incident took place (see information about failure to disclose above).

If an adult has a reasonable belief that an incident has occurred, then they must report the incident. Factors contributing to reasonable belief may be:

- a child state they or some they know has been abused (nothing that sometimes the child may in fact be referring to themselves)
- behaviour consistent with that of an abuse victim is observed
- someone else has raised a suspicion of abuse but is unwilling to report it
- observing suspicious behaviour

Review
This policy was approved by the Shepparton High School Council on 31 August 2016. The policy will be reviewed if legislative or other changes require in the interim or not later than December 2018.
